site and domain in your name

01 WHERE WE STARTED

What we built it around.

01

Rig moving since 1977.

Your own photo of a whole rig going down the highway through canola, re-shot in clean summer light. Option 1 sets RONCO MOVES RIGS. across it on your maroon, with dispatch and the 24-hour line one tap away.

02

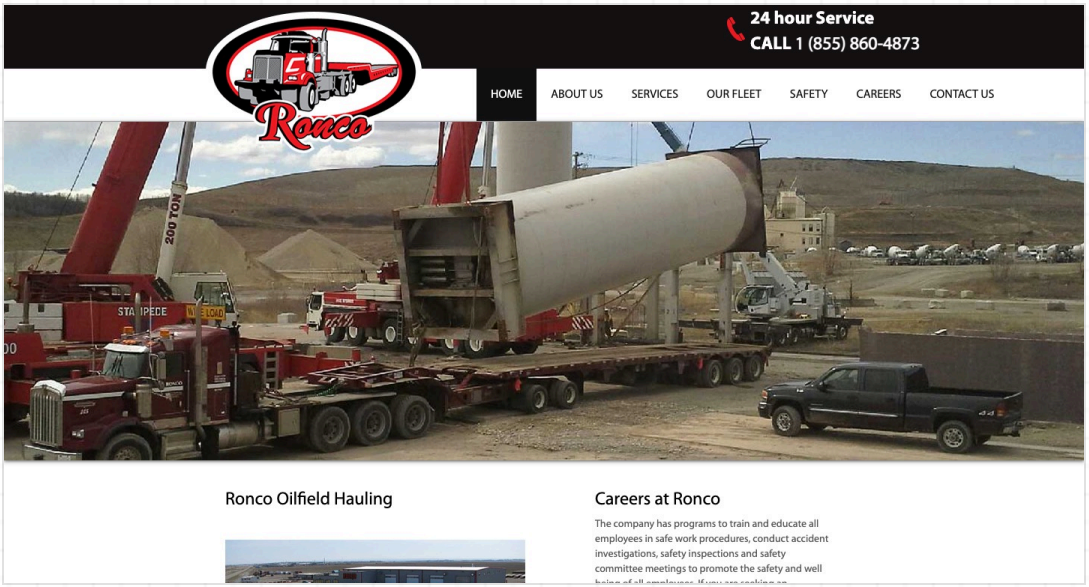

The tank cradles.

Your cradles load and unload 400 to 2,500 BBL tanks, and your site keeps that in the gallery. Option 2 puts the raised cradle in low prairie sun under a two-line headline about what it does.

03

The heaviest loads.

Your 48 wheel trailer combo and its compressors up to 75 tons. Option 3 marks the compressor and the trailer right on the photo, with your eight services in a strip underneath.

06 QUESTIONS

The usual questions.

01

Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02

Is it secure?

Yes. There's no WordPress and no plugins to keep patching, the usual way small-business sites get broken into. It runs on modern hosting with SSL, and every version is saved, so any change can be rolled back.

03

Who owns it?

You do. The site and the domain are in your name, not ours. Hosting is included and nothing renews unless you ask. If you ever want to move it, you get every file.

04

How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from $250 a month, cancel anytime.

05

When do I pay?

Half ($1,750) when you say go, the rest ($1,750) when the site is live. You've seen the homepage before paying anything.

06

Can it carry our safety tickets?

Yes: your COR and operating authorities on their own page, plus a careers page.
